

SILVERTON SUB-STANDARD GAZETTE

SATURDAY, MARCH 1949

15 CENTS

PHOTOGRAPHER ARRIVES IN SILVERTON TODAY -

By the ace reporter "Scoop" McLean.

The famous railroad photographer "Snappy" Taffy arrived today with the special car pulled by old #375.

Snappy presented the Silverton Sub-Standard Gazette with a new printing press attachment to speed the delivery and production of this newspaper's superb photos.

The assistance provided by this infamous photographer has been met with amazement by the town. Wonderful appreciations of his skills were also noticed by the girls in the "Lash" emporium where a number of "flasher's" were observed going off.

His arrival could not have come at a better time as the towns prepares to vote for the

position of Mayor, that is if anyone is left uninhibited to vote from the amount of "Free Beer" being offered by the residing mayor Mike.

Snappy works for J.B.Silvis and has been asked to cover the Silverton Celebrations, Elections and record hysterical facts for the Professor so that a record of images can be passed down in history of our famous town.
